THE BEEKEEPING EDUCATION CENTRE OF GORENJSKA

Rožna dolina 50a
4248 Lesce
http://www.cricg.si
The beekeeping education centre offers you:

- Bottling of honey
- Creation of comb foundations
- Guided tours of apiary - there is an observation beehive, where you can safely take a look at the bees
- Degustation of honey products
- Different workshops - painting beehive panels, producing wax candles, herb and perennial lessons, etc.
- Science days for kindergartens, primary and secondary schools
- Intergenerational workshops and programmes
- Exhibition area, which presents a new exhibitor every month

If you would like something sweet or you need a nice gift or beekeeping equipment, come to our BEESHOP store.

In a nice relaxed atmosphere of our small bar ČAJNICA PANJ, you can refresh yourself with cold drinks, ice cream or taste honey products. There is also a playing area for the youngest visitors.

Massage: To relax your body and mind choose APITHERAPY with honey products, e.g. beeswax, propolis, honey, pollen and bee venom. Face and body care is based on these natural ingredients.

COUNSELING SERVICE of Slovenian Beekeepers’ Association at the beekeeping education centre of Gorenjska can offer you:

- Personal counselling for beekeepers
- Beekeepers’ trainings from different fields of beekeeping
- Beekeeping classes at elementary schools
- Preparation of professional and promotional material for beekeepers and other users

Conference room is available for rental.
